EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Galgano on November 13, 2003.

The application has been amended as follows:

In claim 13, line 3, "eigh6t" has been changed to --eight--.

In claim 18, line 2, "s cond" has been changed to --second--.

2. The following is an examiner's statement of reasons for allowance: The Declaration filed November 5, 2003 has been considered and is adequate for distinguishing the difference between "ink" and "paint" in the thermochromic product industry. The prior art does not teach or fairly suggest decorating a glazed tableware article comprising the steps of: mixing a thermochromic *ink* with a first coating material; applying the mixture directly onto substantially the whole outer surface of a glazed tableware article by *spraying*; and then applying a second transparent, dishwasher proof coating material over the first coating mixture once the first coating mixture is set.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
